- Final 2025-26 payment request
- Invoices submitted

Recipient contribution

- At the end of your PSDS project you will be required to evidence your minimum recipient contribution
- If you do have invoices which you are not claiming grant funding for, it may be useful to make a note of these to list as part of your minimum recipient contribution on step 2 of your statement of expenditure
- You can find information on minimum recipient contribution on the support tool section of your project form

Conditions information

- Please double check you have submitted all overdue project conditions (found on your monthly monitoring report – step 3 conditions tab, or in Schedule 2 of your Grant Offer Letter)
- It is important conditions are submitted on time throughout the project's delivery to check your project remains compliant within the scheme criteria
- Please have a look to see if you have any upcoming conditions and send evidence through to your relationship manager as soon as available

Change requests

- Any works that are being claimed for from PSDS funding must have passed technical assessment, either by:
 - Original application form
 - Approved change request
- We ask for change requests to be submitted in advance of the works taking place and only when you have completed final designs

Change requests for year one funding

- The deadline for change request for P4 MY projects for any works related to your year one funding was **19 January 2026**, if you have not submitted, please do so as soon as possible
- This ensures our technical team have time to assess the request before the final payment 2025-26 deadline
- Please reach out to your relationship manager if you foresee any delays or issues with this timeline
- Even if changes to your project do not affect this year's funding, you will still be required to submit a change request before proceeding with the revised project
